EXPERIENCE

Möbius Lab
2016 - ongoing

Founder
Möbius Lab is a student-led think tank centered around education, economics and technology. We believe that smart design can change the world.

Coaching Club
2015 - 2016

President
Sharpened my leadership skills (and made a few friends) in coordinating a team of 30 coaches. We helped math freshers make the most out of their first year.

The Politics Society
2015 - 2016

Student Representative
Worked with our university to improve the experience of its 10'000+ students.

Amadeus IT Group
August 2015

Data Science Intern
Helped create a platform for filtering corrupted data files. Learnt to work with Elasticsearch, Logstash and Kibana. It was an intellectually enriching experience.

Oryx FM
2012 - 2013

Radio Host
Hosted a radio show with friends about all things tech, music and pop culture.

Botball
2012 - 2013

Team Leader
Led a vibrant team of 8 students in designing, building and coding two autonomous robots. We came second; I'm proud of my team!

EDUCATION

University of Nice, Sophia Antipolis
2016 - 2019

B.Sc, Applied Mathematics, Economics
Nice, France

DESIGN & CODING SKILLS

Core Skills		Software Skills		Coding Skills
